## Attribution

- Data Provided By: PG&E and EBMUD
- Source Link:

## Update Frequency:

Yearly

## One Page Narrative:

Source data is from PG&E and EBMUD billings. Data were parsed by month, then by year to arrive at annualized figures. Includes all sites where the City is billed for utility services, as well as an estimate for the Rent Board (landlord is billed).

## Tabular Data Descriptions

| Column Name | API Field Name | Comment |
|-------------|----------------|---------|
| Year        | year           | [Notes] |

---

|                                |                       |         |
|--------------------------------|-----------------------|---------|
| <b>Department</b>              | department            | [Notes] |
| <b>idsite</b>                  | idsite                |         |
| <b>Site</b>                    | site                  |         |
| <b>End Use</b>                 | end_use               |         |
| <b>Annual Cost</b>             | annual_cost           |         |
