- Data Provided By: City of Berkeley Public Works Department
- Source Link: [http://www.ci.berkeley.ca.us/Public\\_Works/Sewers\\_-\\_Storm/Sanitary\\_Sewer\\_Program.aspx](http://www.ci.berkeley.ca.us/Public_Works/Sewers_-_Storm/Sanitary_Sewer_Program.aspx)

## Update Frequency:

Once

## One Page Narrative:

Approximate location of all sanitary sewer mainlines were digitized into GIS between 2003 and 2006. Engineering Division staff update the dataset as needed.

## Tabular Data Descriptions

Column Name	Comment
ID	The ID of the upstream manhole, hyphen, the ID of the downstream manhole or similar feature for a length of pipe
Invert	Invert elevation

---

---

<b>Year_Const</b>	Year Constructed or Rehabilitated
<b>Diameter</b>	Diameter of pipe opening in inches
<b>Material</b>	Material makeup of pipe, VCP = vitrified clay pipe
<b>DateModified</b>	Date that feature was originally digitized or most recently updated

---
